

# Gleichen Call

TWENTIETH YEAR NO. 23

GLEICHEN, ALBERTA, WEDNESDAY, AUGUST 25, 1926

SUBSCRIPTION 2.00 PER YEAR

## MINUTES OF BLACKFOOT M.D. MEETING

Eighth meeting 1926.  
Minutes of the regular meeting of the council of Blackfoot M. D. No. 218 held in the municipal office at Gleichen on Tuesday, August 17th at 10:30 a.m.

Those present were Reeve Thorssen, Deputy Reeve McBean and Councillors Daw and Maynard.

The minutes of the previous meeting were read and adopted on motion of Councillor Daw.

The correspondence in connection with the purchasing of sufficient land to give access to the nuisance ground recently acquired for the hamlet of Chancellor was read and showed that considerable difficulty was being encountered. However, the road commissioner reported that the necessary land, about one and three quarters acres, could be secured from Mr. J. S. Winner at the rate of \$50.00 per acre and recommended that this offer be accepted. Full details of the situation were explained to the council.

Coun. Daw: That we accept the offer of Mr. Winner and secure from him the necessary amount of land at \$50.00 per acre and that the road commissioner be authorized to have the same surveyed.—Carried.

The secretary then reported as follows:

1. That he had written Mr. David Peebles outlining the policy of the council in regard to the payment of accounts when the party to whom an account is owing is a resident of the municipality.

2. That the insurance in the office had been renewed and the amount of the policy increased as directed.

3. That in paying the relief bill of \$30 he had written the party furnishing such that the specifications outlined in orders for relief would require to be strictly adhered to.

4. That the account amounting to \$130.00 for cutting the weeds on S.W. 14-23-21-4 had been paid by this municipality and that the same had been since collected from the C.P.R.

5. That the work on the market road had been inspected by the resident engineer at Calgary who was well satisfied therewith and that the full amount of the Government grant of \$1527.00 had been received.

Regarding the draining of the slough on N.W. 35-22-22-4, the road commissioner reported that he had taken levels for a ditch along the road between sections 1 and 2 in 23-22-4 and found that the same would not require to be of a depth that would warrant this municipality permitting it on a public highway and had refused permission for the construction thereof at this location.

Coun. Daw: That we approve of the decision of the road commissioner in this matter.—Carried.

Coun. Thorssen: That the road commissioner be instructed to have the culvert north of 10-24-21-4 repaired.—Carried.

The secretary reported that a horse advertised for sale on the 14th inst. at the pound situated on the S. W. 22-23-22-4 had not been sold as no one had attended the sale and asked the council for instructions in the matter.

Coun. Daw: That the poundkeeper be instructed to have the animal again advertised and put up for sale at the next sale to be held at this pound.—Carried.

A letter was read from the Director of Surveys Department of Public Works, Edmonton, stating that Mr. J. E. Nicholas, Gleichen, had applied for a lease of the road allowance between sections 10 and 11-22-22-4 and asking for the opinion of the council in connection with the matter.

Coun. McBean: That we approve of the lease of this road allowance to Mr. Nicholas.—Carried.

Another letter was read from the Director of Surveys asking whether this council would approve of the leasing of the road allowance between sections 22 and 23-22-23-4 to L. Pifer of Gleichen.

Coun. Maynard: That as Mr. Pifer

## A. C. SCRATCH HERE ON TUESDAY NEXT

Next Tuesday, August 31st, A. C. Scratch, the Conservative candidate for Bow River Constituency is to speak in the Gleichen Community Hall, at 8 p.m.

Mr. Scratch is to be assisted by prominent speakers from Calgary, although at present it has not been decided just who these gentlemen will be.

A big attendance is anticipated as it is expected Mr. Scratch will take the opportunity to explain the various rumors abroad concerning his candidature and place himself squarely upon the platform he stands for in seeking the honor of representing the people of this constituency.

Local Conservatives are quite anxious for this public meeting in order that their candidate may have the chance to place himself in the proper light and one of the executive states he hopes any who have questions to ask will take full advantage of this meeting.

## MRS. RENAUD PASSES AWAY

The death of Mrs. Azella Corvieu Renaud, at Cluny last Thursday was cause for much sorrow among relatives and friends throughout this district. The deceased lady had not enjoyed good health for sometime and just a week previous was taken seriously ill and confined to her bed until the end came.

She survived her husband, F. E. Renaud, nearly two and a half years, who passed away, March 9th, 1924, and is survived by five children: namely, J. A. Renaud of Gleichen, Mrs. John Kelly, of Peace River; Mrs. A. N. McLeay, of Gleichen; Mrs. E. A. Bannatyne of Cluny and Miss Y. Renaud of Cluny.

Deceased was born in Quebec on December 2nd, 1854 and married in Montreal in 1875. Coming west with her husband resided in Winnipeg and other points in Manitoba, and reached Gleichen in 1904 and resided in this district continuously since, and during her twenty-two years gained for herself hundreds of friends and the highest esteem and respect possible by her many kind acts to all with whom she came in contact. She was a member of the Catholic Church and a kind and loving mother.

The funeral took place Saturday from her home at Cluny, when service was held in St. Joseph's Church at Cluny after which a long procession followed the remains to St. Victor's Church in Gleichen where a blessing service was held and interment followed in the Gleichen Catholic cemetery.

Aug. 31—A. C. Scratch speaks in Gleichen Com. Hall.

does not own land adjacent to this road allowance we cannot approve of the leasing thereof to him.—Carried.

Coun. Maynard: That the accounts and pay sheets as O. K'd by the finance committee be passed and ordered paid.—Carried.

Coun. McBean: That we confirm the payment of the contract let to Messrs. Durka and Lester for the road work in Division 3 as made by the secretary on the approval of the road commissioner.

The road commissioner was authorized to have road diversions surveyed at the following points:

South of the S.W. 27-24-23-4.  
West of N. W. 14-24-23-4.  
West of the N.W. 27-23-22-4.

—Carried.

Coun. Daw: That we follow same policy re the collection of taxes during the current season as in previous years.—Carried.

Coun. Maynard: That we ask the Government to build the following bridges in this municipality during 1927, viz.:

West of section 7-24-22-4.  
West of section 6-24-22-4.  
West of section 19-23-21-4.

Between 19 and 20 in 23-21-4.—Carried.

Coun. Maynard: That as Mr. Pifer

## HOCKEY DANCE FRIDAY, SEPT. 3

The 22nd Battery, C. F. A. will again in take charge of the Gleichen Hockey Club for the coming winter, a meeting being held last week, when the following officers were duly elected:

Pres. Major Lewis.  
Mangr. R. M. Stabback.  
Sec. Treas. A. H. Lewis.  
Trainer O. E. McHugh.

The captain of the 1926-1927 team will be selected by the team later, and it is said there is excellent material for an exceptionally good team for next season. In fact so good that an effort will be made to join the Calgary Junior League.

It has also been determined to lengthen the rink to the full regulation size and already the boys have removed the fence from the west end for that purpose.

The enlargement of the rink will necessarily require the expenditure of considerable cash and in order to raise the necessary funds a dance will be given in the Gleichen Community Hall on Friday night, Sept. 3rd. Lewis' 5-piece orchestra have been engaged for the occasion and the ladies of the community are being asked to supply the necessary cooking for the supper, which club members will serve and see that everyone enjoys themselves. Already the tickets are being disposed of and a big attendance is assured.

## GOLF

Strathmore Golf Club visited Gleichen on Sunday last and played the first round of the Herald contest. The following is the list of players:

Strathmore: Dunn; Van Tighem, sr. W. Grey; Stockton; Patrick; Ridley; Whiteside; Van Tighem, jr.; A. Grey. Gleichen: Boyd; Clifford; Yates; Stabback; D. McDonald; Dr. Wright; Baker; Dr. McIntyre; Newby.

The best scores for the day, 18 holes, are as follows: Van Tighem 93; Clifford 80; Dunn 96; Boyd 85. Gleichen coming out on top for the day's play. The return game will be played at Strathmore next Sunday, and the best score of both games will play in Calgary the first week in September.

## NINTH FORTNIGHTLY CROP REPORT

Issued by Department of Agriculture Edmonton, August 21, 1926.

Harvesting of wheat is proceeding slowly, and is about 25 per cent. completed throughout the province. Late rains have held up the ripening process somewhat, and in a few locations have hindered harvesting, but in the main the rains have considerably assisted the filling of the grain, especially the late wheat and the coarse grains. The general effect has been good, save in one or two districts where the drought had been severe and where the grain is too far gone to recover. The districts thus affected, as has been previously stated, are very limited in extent. It may be safely stated that the rains which have come during the past two weeks of August will have the effect of adding considerably to the yield of wheat and of causing recovery of much of the oats and barley which were making a poor showing.

There has been no frost to speak of, and the damage from hail has not been heavy this year. The saw-fly is reported active in one or two localities, but damage is not extensive. A slight appearance of rust is reported from one district.

The weather remains cool and showery. The rains have been fairly general over the province during the past fortnight, being somewhat heavier in the central and southern portions.

The labor situation is well in hand and a sufficient supply of harvest men is assured.

Mrs. G. P. Muir, of Calgary, spent several days the past week visiting Mrs. Thos. Henderson.

Everyone will want to hear A. C. Scratch next Tuesday night.

## FATAL ACCIDENT AT GLEICHEN

About six o'clock last Wednesday evening the regular freight train that pulls into Gleichen about that hour struck a handcar on which several section men from Stobart were traveling to Gleichen to make their usual purchases of supplies, with the result that Steve Pushkar was so seriously injured that he died in the Gleichen Hospital an hour and half later, and the others had a narrow escape.

There were several eye-witnesses to the accident, Walter Bogstie, a lac about 12 years, being the nearest to the scene. Many people in town heard the blasts of the engine, but supposed there were horses or cattle on the track.

Unfortunately the men on the handcar did not hear the whistling until the engine was very close to them, when they jumped clear, but as the train had slowed down the handcar remained on the track, receiving little injury from the engine when it struck.

It seems from the accounts of the train crew Steve Pushkar went back to secure his coat from the handcar and the engine hit him. The engineer went back to aid the man and after giving him a drink of water had Walter Bogstie go for a doctor, while the men obtained a grain door and placed the injured man upon it. Dr. Farquharson was home waiting for his evening meal when he received the phone call and in his car soon reached the scene, where after rendering all assistance possible accompanied the man to the hospital. He found his ribs on the right side badly broken, and despite his best efforts he died from the shock, and his injuries at 7:30.

Cons. Hammick being advised at once took charge of the case.

Thursday evening an inquest by Coroner Farquharson, was held with L. M. Webster, foreman, and jurors T. H. Beach, Thos. Henderson, D. McDonald, W. H. James and R. M. Stabback, who rendered the following verdict:

"That Steve Pushkar died on the 18th of August, at about 7:30 p.m. at the Gleichen Hospital, as a result of being struck by the C. P. R. train extra freight going east at about six o'clock, p.m., on the C. P. R. track and that the deceased met his death through his own carelessness, having returned to the track upon which he knew there was an approaching train, and we exonerate all persons in charge of train from any blame whatever."

The deceased was well known to most of the merchants and many others in town of whom all spoke most kindly as an honest and hard-working man. He was of Slovak origin and about 55 years of age, and besides his son, a lad about 20 years of age, who was on the car with him, he leaves a wife and family in the old world to mourn his loss. Much sympathy is expressed for the son, who takes his loss most keenly and seems almost heart broken. Interment took place Friday morning at the Gleichen cemetery Friday morning. The services being conducted by Rev. Mr. Gibney.

Eleven hundred farms, will be needed next year to accommodate the British settlers who will be brought to western Canada, according to Major E. J. Ashton, commissioner of the Soldiers' Settlers Board. So far this year 1,430 families were placed on farms in the prairie provinces by this organization.

Hogs to the value of \$400,000 were shipped from the Prince Albert district in 1925. This was far in advance of that received the previous year and the increase was due to a considerable extent to the activities of the agricultural society boosting hog production. This year the hog raisers' slogan is one million dollars worth of hogs, and from present indications this mark is more than likely to be attained.

The political pot seems to have cooled off quite nicely the past week in this district.

## ST. ANDREW'S CHURCH

Sunday August 29, 1926.  
13h Sunday after Trinity.  
Sunday School 11 a.m.  
Evening prayer 7:30 p.m.  
The Rev. Mr. Gibney of the Old Sun School will have charge of the evening service.

T. H. BEACH, Auctioneer

FOR THE LANDS SAKE: Buy a controlled weeder as it is more necessary to control your weeder than the plow, if a weeder is allowed to run too deep it does not weed, nor lift the clods, nor pack where it will do good or mulch so as to preserve the moisture, and on the other hand if allowed to run too shallow, it does more harm than that, it pulverizes the soil and causes soil drifting. The uncontrolled weeder is doomed and will not be offered for sale in a short time.

I can fill your orders for New Controlled Weeders, and will deliver to your farm.

F. E. POBST, GLEICHEN. .... PHONE 106

Representing the government of Norway and Sweden, a delegation is in the west to investigate conditions of land settlements for immigration, prices of land, condition of employment, co-operative marketing of grain and the Canadian system of soldier re-establishment. As a result of their investigations, it is possible that there will be a settlement in western Canada of 12,000 Norwegian immigrants per year in the future.

## A VERY SAD AUTO ACCIDENT

The Life Crushed out of Ald. Ed. Menard's Popular 12-Year-Old

Wednesday afternoon a very sad accident occurred on the main street of Gleichen, when before the eyes of a number of friends a poor little fellow, just 12 years of age, was so badly crushed under the wheels of a big

auto that a few minutes later he passed away, while his friends looked on quite unable to do anything for the little chap. Who will say aught that his friends were seen to weep and choke up when they attempted to explain to the fast gathering crowd how "Brownie" was crushed to death and what a fine little fellow he had been throughout his short life. There was Howard Bowen, "Jackie" James, Ed. Menard, Dave Yule and a lot of other true friends who found it hard to keep from crying aloud—for no one who knew "Brownie" could blame them for the expression of their feelings of great remorse and sorrow at the loss of this fine little fellow. For "Brownie" was very affectionate and loving and ever greeted his friends most cheerfully, in fact there never was in all the world a more dependable and kindly little fellow than Ed. Menard's dog—"Brownie".

## UNASKED FOR TESTIMONY

Standard, August 23, 1926.  
Mr. F. E. Pobst, Gleichen.  
Dear Sir:— I have found your weeder to be a great weeder. It stays in the ground wherever you put it on account of the lever that is on it.

ne can weed right in the fence on either sides, and it makes it handy to take from one field to another, because it can be lifted out of the ground.

I used it on stubble land that was cultivated and not harrowed and it did good work.

It's transportation features can't be beat now or any other time.

Yours truly,  
J. P. NELSON.

WORLD HAPPENINGS  
BRIEFLY TOLD

The annual convention of the World's Federation of Education Societies will meet in Toronto, Aug. 4 to 10, 1927.

Premier Taschereau, of Quebec, declared there will be no provincial elections this year. "The people of Canada have enough to consider and solve already," he remarked.

Films of British cabinet members are to be sent to British seaside resorts, where the pictures of Premier Baldwin, Foreign Secretary Chamberlain and others will be offered as programme features.

Professional mendicants, of Hamilton, who establish themselves on the downtown streets and seek alms by playing various instruments or selling small wares are to be ordered off the streets by the chief of police.

Hon. W. G. Ormsby-Gore, under-secretary of state for the dominions, states that he is not aware of any change being made in the arrangements for the imperial conference owing to the situation in Canada.

Arnaldo Mussolini, brother of Italy's premier, has challenged General Benavente to a duel. The challenge follows critical comments by the general, who is a well-known leader of the opposition to the Fascist Government, on an article written by the premier's brother.

Less than one per cent. of the cattle tested in the tuberculosis free area, which is being established in Saskatchewan in the Last Mountain district, have reacted to the test so far, and Hon. C. M. Hamilton, minister of agriculture for the province, is highly gratified at the splendid showing of the cattle in this territory.

The minimum demand for agricultural machinery in Russia for the current year is estimated at 120,135 million pre-war rubles, according to a statement in the forthcoming issue of the Commercial Intelligence Journal.

Three large steamships operated by the United American Lines—the Rosalite, Reliance and Cleveland—have been sold to the Hamburg-American line in exchange for a financial interest in the German company.

## Russians To Colonize Wrangell

Have Renamed This Barren Waste As Lenin Mitroff

A Russian expedition is on its way to colonize Wrangell Island in the Arctic Ocean, North of Siberia, and rename it Lenin Mitroff.

The expedition, in a Russian icebreaker, the Krasny Oktib (Red October) was scheduled to leave East Cape, Siberia, on the west side of Bering Straits, June 25 for the island, or Mitroff, rechristened in memory of Nikolai Lenin, considered the creator of Soviet Russia.

To Wrangell Island, for whose exploration and colonization loss of 18 lives in three expeditions has been listed in 13 years, the Krasny Oktib was taking 20 families of Chukchees (Siberian Eskimos) 100 dogs, and 25 reindeer. Equipment of the colony includes 3,000 reindeer pelts for clothing, and six large Eskimo skin boats.

Provisions on the Red October for Lenin Mitroff were calculated to last three years. Those familiar with the survey of Wrangell Island (or Lenin Mitroff) pronounce it uninhabitable. This because of cold, inaccessibility, absence of fuel and extreme scarcity of food.

## Royalty, Engages In Business

Russian Court Women Meet With Success In Commerce

The manner in which ladies of the Russian court have fitted themselves into the life of commerce in Paris is a matter of much comment in the French press.

The Grand Duchess Marie went to work as an ordinary woman in a French embroidery house to learn her chosen profession, and now employs dozens of her compatriots in her own place. In another dressmaking establishment, Princess Obolenski is the cashier and bookkeeper. Princess Troubetzkoi is the general manager of the cutting room, and Mile. Anlenkoff has charge of fittings.

New Settlers Satisfied In Alberta  
More than 500 families have been located in Alberta in the last year under the 3,000-family scheme, according to W. S. Woods, of the land settlement board. Mr. Woods states that the newcomers are doing splendidly and are well satisfied with their present conditions and their prospects.

The average man loses five and a half days a year through illness between the ages of twenty and thirty; twenty days between the ages of fifty and sixty.

W. S. U. 1628

## French War Debt

British-Franco Agreement Is Wide In Scope

An agreement was signed recently for the funding of the French war debt to Great Britain after a conference between Winston Churchill, chancellor of the British exchequer, and Joseph Caillaux, French minister of finance, and a subsequent discussion with treasury officials to draft the terms of the agreement.

The settlement covers not only the French war debt, but virtually all the outstanding accounts between Great Britain and France. Announcement to this effect was made in the House of Commons by Rt. Hon. Winston Churchill, chancellor of the exchequer.

The French payments, he said, would be £4,000,000; £6,000,000; £8,000,000 and £10,000,000, rising to £12,500,000 annually, the last named figure being reached in 1930.

From 1930 to 1936, the payment would be £12,500,000 annually, rising to £14,000,000 for the final 31 years.

M. Caillaux expressed himself as greatly pleased with his reception in London and especially with Mr. Churchill's amicability.

The full payment terms are £12,500,000 for 62 years and France will not be required to pay the deficiency of these five years of partial moratorium until after a long period, probably 25 or 30 years. The £50,000,000 of French gold now held in the Bank of England as a pledge, will henceforth be regarded as part of the reserve of the Bank of France. There is also a safeguarding clause to protect France's interests should Germany default in her reparations payments.

France also is granted a transfer clause, whereby, in the event of her large payment to Britain endangering the stability of the franc, the annual payment will be postponed.

## Britain Rewards German Firms

Combat Wholesale Forgeries By Use Of Secret Service

While European bankers are maintaining an elaborate private detective system to combat wholesale forgeries, the German Reichsbank has uncovered attempts by persons in some of the British possessions to induce German lithographers and engravers to print quantities of spurious English pound notes.

Requests for such work are said to have been received from Africa, India and Australia. One man, in British West Africa, wrote six firms in Germany, enclosing a pound note to each as a sample and ordering several thousand "reproductions." He directed that the counterfeit notes be shipped inside accordions. The engravers turned the letters over to the Reichsbank which notified the Bank of England.

The British Government, through the German embassy, thanked the German firms for the exposure and sent a reward of 50 pounds.

## Canada Wins Kolapore Cup

Canadian Marksmen Defeat Picked Teams To Gain Trophy

Canada, for the second consecutive year, won the Imperial Kolapore Cup, one of the greatest service rifle matches at Bisley. The Canadian marksmen defeated picked teams of eight from the Mother Country, India, Jersey, Guernsey and the Gold Coast to hold the trophy by six points.

The team selected from Canada's Bisley contingent, and including Lieut. Desmond Burke, of Ottawa, King's prize winner of two years ago, led by ten points after the first round of ten shots at 300 yards. They increased this lead to 14 points at the 500-yard distance and though it was cut down at the final shoot at 600 yards, still were victorious by a moderately substantial margin.

## Road Improvements

Announcement Made of Awarding of Contracts For Work in Saskatchewan

Announcement is made by the deputy minister of highways, province of Saskatchewan, that the contract for improvement of road from Midale to Halibute has been awarded to Oliver Hanson and Oscar Hanson, of Estevan, Sask., at approximately \$14,500. A similar contract for improvement of road from Morse, south across Reed Lake, three miles, has been awarded to Fred Manix, of Calgary, Alta., at approximately \$25,000, and the contract for improvement of road from Baldwin to Freemont, has been awarded to H. S. Stewart, of Battleford, Sask., at approximately \$14,500.

## Calgary's Population

Calgary and district has a population of 77,980, according to the latest city directory. The directory takes in portions of the outlying business districts for business purposes, but Calgary city officials estimate the population at 75,000.

## To Challenge For Championship

J. C. Mitchell To Make Bid For Premier Honors in Wheat

The wheat championship of the world, captured for the United States last year by L. P. Yates, of Fishtail, Montana, will be challenged at the International Grain, Hay and Stock Show at Chicago this fall by J. C. Mitchell, of Dahnada, Saskatchewan.

Mitchell has already held the championship three times. In the fifteen years that the international competition has been held, Canada has won the championship 13 times. Twice it has gone to Montana. Last year Mitchell did not exhibit at the international show, but he intends entering the lists again in 1928.

Besides being a famous wheat grower, Mitchell is also a notable grower of potatoes. He aims to become the potato Burbank of Canada. This year he expects to receive approval from the Canadian federal department of agriculture to register a new variety for which he claims high edible quality, whiteness, smoothness of skin, freedom from disease and good yield.

J. C. Mitchell has won the world's wheat prize more times than any other person, with the exception of Seager Wheeler, of Rosthern, Sask., who has won it five times. Mitchell came to Canada 20 years ago from near Manchester, England. He had no capital and took a quarter-section of homestead land at Dahnada, 40 miles from the railway. He now farms 800 acres. The railway runs across a part of the land on which he first settled and his farmstead is one of the show places of Saskatchewan.

## Cost Of Britain's Coal Strike

Budget Estimate of \$17,165,000 Has Been Made Necessary

A supplementary budget estimate of \$17,165,000, made necessary by the coal and general strikes in Britain was announced by the government.

Of the total estimate \$15,000,000 is necessary for the purchase of imported coal on the government account. This is done for the purpose of maintaining supplies to public utilities and other essential undertakings. This coal will be sold at a price covering the total costs, and receipts derived from its sales will be used for additional purchases.

The remaining \$2,165,000 on the supplementary estimate was made necessary by the general strike. This item includes the following specific expenditures: Food organizations, \$505,000; transport organizations, \$100,000; coal organizations, \$125,000; publication of the British Gazette, of local newspaper, \$80,000; for civil constabulary reserve, \$325,000; for police, \$500,000.

## Raising Scuttled Warships

Salvage Work at Scapa Flow Is Making Good Progress

The last of the twenty-five German torpedo boats which were scuttled in Scapa Flow after the surrender of the German fleet has been raised by Messrs. Cox and Danks.

The G-104, which was brought to the surface, is a vessel of 1,300 tons, as were six of the others. The remaining eighteen were of 750 tons. The scuttled vessels were bought from the admiralty for scrapping purposes, and the salvage work began in 1924. The second and more formidable part of the task is the raising of the battleships Hindenburg and Selditz.

Preliminary operations have already been begun on the Hindenburg, and it is hoped to raise her by September. She is a vessel of 28,000 tons, and is sunk in 66 feet of water, with her bow deck just visible.

## Tuberculosis Among Indians

Dr. H. W. Hill, professor of public health and nursing at the University of British Columbia, and Dr. C. A. Vrooman, well-known specialist in chest diseases and formerly superintendent of the Rotary Clinic, are making an investigation among the Indians of British Columbia regarding the prevalence of tuberculosis. The federal departments of public health and Indian affairs, and the Canadian Tuberculosis Association, are co-operating in the work.

## Good Building Year

Definite indications of the largest building year Canada has had in more than a decade are now shown by the record of the first six months of this year. The very large and unusual total of \$191,543,600 worth of new construction for the first half of the current year and contemplated new work to the value of \$304,598,500 forecasts great activity for the remaining months. During June, contracts awarded totalled \$54,186,400, an increase over June, 1925, of 63 per cent.

In 1925 Ontario's drink bill was \$5,014,000 and Quebec's \$47,620,000. Rather significant isn't it?

Japanese Nobleman  
Passes Through Canada

The Right Honorable Viscount Kelmim Matsudaira, attaché to His Imperial Highness Prince Chichibu, second son of the Emperor of Japan, has just gone across Canada after landing at Quebec on the S.S. Empress of France and from Montreal, Windsor station, where he was photographed, by Trans-Canada Limited to Vancouver whence he will sail for Yokohama for a few months vacation with his family. The Viscount was educated at Balliol College, Oxford, and stated that Prince Chichibu was also entering Oxford this next term and will occupy the rooms at Magdalen College formerly in use by the Prince of Wales. He said that Anglo-Japanese relations were of the most cordial description especially those obtaining between the respective royal families of the two countries. While this was the third time he had passed through the Dominion he had never been able to stay here for any length of time and looked forward to the day when he would sample some of the hunting and fishing facilities of the country, especially British Columbia which is within a twenty-day return trip of Japan. The Viscount will return through Canada to England in the fall.

Tiers! Tiers! Tiers!  
With them you are smart—without them, that's another story. In this smart frock of printed crepe the slightly flared bouffant is slashed in an interesting manner before being set onto the straight dress. There are gathers at each shoulder where the back joins the front. The dress opens at the neck far enough to permit it to slip over the head easily, and long set-in sleeves have their fullness neatly gathered into narrow wrist-bands. No. 1239 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 bust requires 5 1/2 yards 36-inch figured crepe. Price 20 cents.

Many styles of smart apparel may be found in our Fashion Book. Our designers originate their patterns in the heart of the style centres, and their creations are those of tested popularity brought within the means of the average woman. Price of the book 10 cents the copy.

## Search For Lost People

Missing Persons Bureau of New York Police Department Handles Difficult Cases

A stage magician, before putting on the familiar "disappearing lady" act, would do well to comb his audience for members of the missing persons bureau of the New York police department.

During the past year this bureau has had to deal with 25,000 real life disappearances, far more baffling than those from the magician's trick cabinet. Since the bureau was opened in 1917 more than 120,000 such cases have been handled. And more than 99 per cent. of the vanished persons have been found.

When someone "drops out of sight," as the saying is, it would seem to the inexperienced searcher that all the world must be dragged with a fine net. Some of the disappearances are so unexpected, and apparently inexplicable that it seems to relatives and friends that the lost one must have stepped out of known life altogether and be in some strange sphere such as Alice found on the other side of the looking glass.

Adults (and it is interesting to learn from Lieutenant Ayres that of the 25,000 persons reported missing to the bureau last year only 6,000 were children) disappear usually either because of financial or domestic trouble, with the "other woman" or the "other man" as the directing force in many instances.

## Cause and Effect

Swift Punishment As a Substitute For Dilatory Judicial Proceedings

There were 151 homicides in England and Wales in 1923, the latest statistics show. The population of the countries was about 28,000,000. In New York city, with 6,000,000 people, the homicides for the same year totalled 308, or twice as many for one-sixth of the population.

There is no available information about the number of murderers executed in England and Wales in 1923, but experience leads to the belief that the ratio of executions to crimes was high, for that is the way things are done in England. However, the number of murderers executed in New York was 16, or about 1 in 20 of the criminals. The following year, 1924, there were four executions in all New York state, and it is not a matter for surprise that the number of murders in New York city rose to 387 for the year.

If we tried swift punishment of murderers in this country as a substitute for dilatory judicial proceedings and abuses of the right of habeas corpus we might get down somewhere near the immunity from crime they enjoy in England.—Detroit Free Press.

## May Remain Until September

His Excellency Lord Byng Not Leaving Immediately on Expiration of Term of Office

His Excellency Lord Byng will remain in Canada until the middle or later part of September. While his term expires in August, the date of the governor-general's leaving is always a matter of arrangement between him and his successor in the office. As Lord Willingdon has not been long in England after his trip to China, it is not thought that he can arrange to get out here before the latter part of September. Lord Byng and Lord Willingdon will arrange so that the outgoing and incoming governor-generals will meet at Quebec.

No governor-general has ever exactly left at the conclusion of his term. It is stated at Ottawa. While the period of the appointment is five years, it is not any an arbitrary rule that the old governor-general must leave and the new one arrive on the exact date of expiration. The political situation, it is stated, has nothing to do with Lord Byng's decision to remain here until September.

## Served In the War

Mystery Woman of British Near East Diplomacy Is Dead

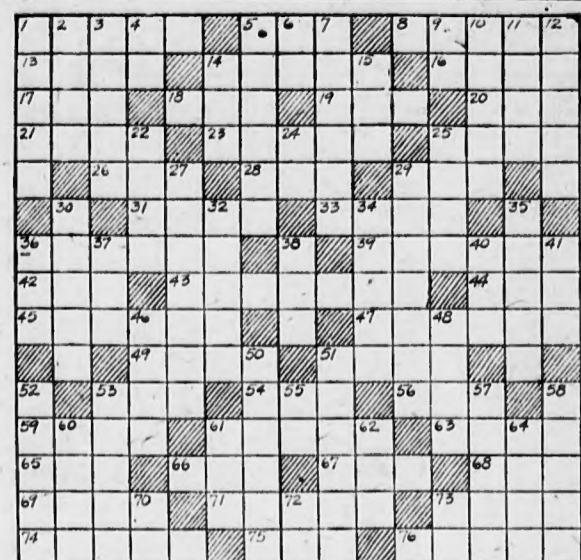

Miss Gertrude Bell, "the mystery woman" of British Near East diplomacy, is dead.

Miss Bell was 60 years old and a graduate of Oxford University. She travelled extensively and had acquired considerable knowledge of the Near East. During the world war she was an intelligence agent for the British army in Egypt. Later she served as a political official in Baghdad and was credited with playing an important role in the formation of Great Britain's post war policy in the Near East.

For every man who is unable to stand prosperly there are millions who would like to try.

Don't doubt the man who says "everything goes." It usually does.

## OUR CROSSWORD PUZZLE

## Horizontal

- 1—Fastened, as a shoe.
- 5—A coal scuttle.
- 8—Nobleman's landed estate.
- 13—Disclosed to view.
- 14—Pertaining to the moon.
- 16—Female of the horse.
- 17—Wager.
- 18—Because.
- 19—At this moment.
- 20—Fate.
- 21—Pivotal point.
- 23—Extended area of land.
- 25—Small valley.
- 26—Novel.
- 28—Expression of assent.
- 29—Small cask.
- 31—Roguish.
- 33—Water from clouds.
- 36—Signify.
- 39—Whiten.
- 42—Bustle.
- 43—Many.
- 44—Spawn of fish.
- 45—Cries like a sheep.
- 47—Pasteboard box.
- 49—To net.
- 51—Violent anger.
- 53—Article of furniture.
- 54—Lyric poem.

## Vertical

- 1—Pertaining to the lobe.
- 2—Highest point.
- 3—Oil derived from whales.
- 4—If all an em.
- 5—Shout of triumph.
- 6—Upon.
- 7—Ope who dances.
- 9—Part of "to be."
- 10—A Moslem ruler.
- 11—Spoken.
- 12—Regenerate.
- 14—Parcel of land.
- 15—Decay.
- 22—Settle, station.
- 24—Forever.
- 25—Hill of loose sand.
- 27—Wrenched.
- 29—Cultivation.
- 30—Kitchen utensil.
- 32—Plant of the mustard family.
- 34—Mania, hemp.
- 35—To lade out.
- 36—Queen of the fairies.
- 37—Digit of the foot.
- 38—Put down.
- 40—Skill.
- 41—Female fowl.
- 46—So be it.
- 48—Torn.
- 50—Reference.
- 51—Owe.
- 52—Calcareous secretion forming reefs.
- 53—Make obscure.
- 55—First note of the scale.
- 57—Defied.
- 58—Check.
- 60—Evil.
- 61—French metric measure.
- 62—Obtained.
- 64—Uncommon.
- 70—Perform.
- 72—Egyptian sun-god.
- 73—Note of diatonic scale.

## Importance Of Newspaper Industry

Huge Volume of Business in First Five Months of This Year

Year by year Canada is supplying the world with more and more newspaper and the importance of this branch of the industrial life is growing apace. Newspaper worth \$44,559,989 was shipped out of Canada during the first five months of the current year. In other words, the Dominion manufactured in that period 735,152 tons of that commodity and exported 676,214 tons thereof. An abundance of relatively low priced power and the availability of vast tracts of virgin forest contribute to her success in this department of manufacture.

## Equal National Status

Urge That Appeals to Privy Council Be Discontinued

Urging discontinuance of carrying legal appeals to the privy council, and recommending that future appointments to the Canadian civil service be made from the ranks of those educated in Canadian schools and colleges, two resolutions were passed at the Dominion conference of the Native Sons of Canada held in Vancouver.

"It is essential to full recognition of the equal national status of Canada, that this nation should possess and maintain a final court of appeal of its own," the first resolution says.

## Gets Plans Of Crow Trap

Will Blue Print Jack Miner's Contrivance and Distribute Copies

Plans and specifications of the crow trap, invented and used with success by Jack Miner, Canadian naturalist, have been furnished by request to the biological survey of the department of agriculture at Washington, D.C. Last winter, it is understood that the United States department of agriculture intended to prepare blue prints of the Jack Miner crow trap for free distribution throughout the United States and Canada.

## Iceland Faces Economic Crisis

Owing to a poor fishing season and small market, Iceland is reported to be facing an economic crisis and the Icelanders are struggling ineffectually to stabilize their currency. It now is feared that the principal industry will suffer, as the big fishing fleet may be forced to rest in the harbor all summer.

## Alberta Sheep Raising Industry

Sheep raising is becoming an important industry in Alberta and it is estimated that there is a 25 per cent. increase in number this year over last. The wool clip this year is expected to be exceptionally good, estimates placing it at about 2,000,000 pounds.

## Answer to Last Week's Puzzle

## Safer Flying Craft

To Make Travel In the Air As Safe As On Land Or Sea

The time is coming when it will be as safe to travel in the air as on the land or the sea. In the opinion of the board of trustees of the Guggenheim Fund for the promotion of aeronautics, and to hasten the arrival of this era the board will sponsor an international competition for the construction of safer aeroplanes.

Between \$150,000 and \$200,000 will be appropriated from the fund to finance the contest, the board has announced. It hopes that the best designers and builders of aircraft throughout the world will compete.

Stimulation of commercial air transportation is the chief aim of the board. In its opinion aviation has too long been limited to principally military uses.

## An Interesting Ceremony

U. S. Scouts Send British Comrades Bronze Statuette

An interesting little ceremony took place in Gilwell Park, Essex, when the Prince of Wales, in behalf of the British Boy Scouts, 150 of whom were present, accepted at the hands of the United States ambassador, Alanson B. Houghton, a bronze statuette of an American bison, the gift of the Boy Scouts of the United States as a token of goodwill and friendship.

The statuette is dedicated to the "unknown scout" who, by doing a good turn to a United States tourist, induced the United States to take up the scout movement.

## Turkish Traffic Police

Traffic police in Constantinople take excessive pride in their dress and carriage. They wear crimson and brass helmets and carry a baton of red and white stripes which resemble sticks of peppermint candy. They take great pride in outdoing one another in the neatness of their uniforms and in their carriage. The effect is striking to tourists visiting that country.

There are said to be nearly 200 cases of leprosy in Paris.

## Here and There

A total of 800,000 trout fry from the Banff hatchery have been placed in Sylvan Lake and 900,000 in the Fair Lake, during the past week. Further consignments is to be placed in the tributary waters of the Bow River.

Any free citizen can do as he pleases, except by his conscience, his wife, his landlord and his neighbors.

One easily sees the setting sun and views his days work with a sigh. The other drops his tools to run. Nor sees how little he has done. And people still go asking why. Some men men are down, and some are high.

Nearly every man becomes an earnest booster for his home town after he has left it for good.

A smile is like the bright spring grass. Easiest to produce, but most in need of preparing food and medicine.

A protected meeting when held in a room is a revival.

"A woman's work is never done" she said, as dinner came on the table again.

"So I observe," he answered gloomily, as he pushed away the potatoes.

A good many of us sit down and try to think of some way of getting out of the life we try to think of some way of earning money.

Weather forecast in Alberta paper: "Friday generally fair, probably followed by Saturday."

Christmas is one day that requires no organized drive to assure its observance.

Police Sergeant—"The man demonstrates?"  
Patrolman—"Two of the wounds are fatal, but the other isn't so bad."

"The new Macdonald No. 2" well brought in is producing gasoline at the rate of 127 barrels a day under a test made.

There are honest men in this world. In Middleton, N.Y., a prohibition agent went bankrupt.

The bee is awfully busy. People admire him. Yet very few people care to associate with him.

"Say this is the forthright mud hole we have hit. I thought you knew all the bad spots in this road."

"Well, we ain't missed any yet, have we?"

Counter check books are very cheap just now. Leave your next order with the Call.

## TENDERS FOR SCHOOL HOUSE

Sealed tenders will be received by the Board of School Trustees until 10 o'clock in the morning at the School District No. 4251, at the office of the Secretary-Treasurer, Mrs. A. H. Harvey, at Gleichen, Alberta, on or before September 11, 1926, for the erection of a two-room school house, building plans attached.

Plans and specifications can be obtained from the secretary-treasurer on payment of a deposit of \$10.00. Plans must be returned within twenty-four hours and deposits will be refunded.

A marked cheque for five per cent of the amount of tender must be enclosed with each tender as a guarantee that same is bona fide.

The lowest or any tender not accepted will be returned.

Dated at Milo Hills 7th day of August, 1926.

W. F. HARVEY,  
Secretary-Treasurer.

MRS. A. M. CHALMERS  
Resident teacher of piano forte, piano for Toronto, Exams. 11 years experience. Late class of 1925. Full term commencing Oct. 1st.

For terms apply to INGRAHAM HOUSE

## Here and There

"There is no chance of another general strike in Great Britain for a generation and perhaps longer." is the view of Victor Sharr, news editor of the Evening Standard, London, who spent a short vacation in Canada recently. He thought the miners' strike in Great Britain would not be settled before the fall and perhaps not until the winter.

The fishing season opens again August 15 on Lesser Slave Lake and Lake La Riche in Alberta. There are approximately 100,000 pounds of minnow fish to be shipped during the season from Lake La Riche and over half a million pounds from Lesser Slave Lake. In Great Britain considerable quantity of jacks and pike are from both.

Canada's estimated wheat yield as indicated by crop conditions on June 30 is 348,000,000 bushels. The yield estimated for the Prairie Provinces according to the Bureau of Statistics report is 327,250,000 bushels. For the rest of the Dominion 21,000,000 bushels. Total estimated yield for oats is 458,840,000 bushels. For barley, 100,000,000 bushels. For rye the total estimated yield is 11,702,000 bushels and for flaxseed 8,417,000 bushels.

The Manitoba Government has commenced an agricultural survey of unoccupied lands in the province which will complete the survey of the incoming settlers with all available information on such lands. A total of 2,474 homesteads have been taken up in Western Canada this year. In the past year, immigration records were broken recently when 1,681 immigrants passed through Winnipeg recently in 48 hours.

The Earl of Glendore, British Under-Secretary for Dominion Affairs, and T. Macnaughton, chairman of the overseas committee, are making a tour of Canada to investigate conditions under which the \$200 family scheme is being handled in this country. They are issuing glowing reports of what they have seen. The full three thousand families will have been brought over here by the end of next year.

A brief vacation party arranged by the Knights Club of Sherburne, LaSalle, recently passed through Toronto and Montreal on route to London, England. There were 600 who availed themselves of the trip and most of them were well pleased. Outside the United States, the trip was their first. They will pass through Switzerland and Germany on their way to London and will make a side-trip to Paris and the French battlefields during their stay.

"Association football is the Dominion of Canada held fair within the next few years to become a rival to the brand of soccer played by the major league in Great Britain," was the comment of Joe Smith, captain of the All-England Association Football team which has just completed its seven-week tour of Canada. The team travelled over one thousand miles on its tour and played twenty games against all kinds of teams. They did not lose a single game and scored 105 goals in all with only 18 registered against them.

University men, municipal and government representatives, doctors, priests, notaries, lawyers and newspaper men made up the majority of the party of the people who were in the service of the University of the University of Montreal recently completed. They were feted and entertained by civic authorities and government men throughout their tour and returned from it with a far clearer notion of the problems of the West than when they started. The tour was run by C.P.R. lines under the auspices of the University of Montreal, and was the second annual trip that has been made.

## SIGNS OF A GOOD TOWN

Show us a place in which all the business people interested in the town and we'll show you a good town to live in surrounded by a good class of people. A newspaper is a sign of a good town. It is a sign of a town where people that make up the community are interested in the town. It is a sign of a town where the business men and women are awake and getting the business.

Fifty Cents will pay for the Call to Dec. 31, 1926.

## Ford Truck Does Work Of Six Teams

When one man with a Ford Truck can haul as much grain to market each day, at six men with six teams. It is not difficult to figure out an enormous saving per bushel in marketing costs.

ages 22 miles and the Ford truck averages 8 loads a day. "Our largest day's work," says Mr. Henry, "was about 500 bushels from granary to the elevator, one man shovelling his own load on the truck."

The average gasoline consumption, according to Mr. Henry, is a gallon to transport miles over heavy roads.

Farmers who have experienced this speedy marketing with Ford trucks would never consider going back to the slower teams with the old labour for many hours on the road.

We will gladly prove to your satisfaction that the use of Ford equipment will save you time and money.

## The White Marble Stolen Church at Windermere

1. The church. 2. The St. John's Church at Windermere. 3. The church at Windermere. 4. The church at Windermere.

Little church at Lake Windermere, British Columbia, has had a part and a piece of it too. Noted among great place-name names of mountains, on the shore of a little lake, it is proud of its beautiful site, but prouder still of the way in which it came to be called the "Stolen Church."

How it earned this very unique name is recalled in a recent number of "The Motor" by Mary Graham Bonner. It is a strange story of simple, devoted people who so loved their church that they stole it, and carried it away for over a hundred miles.

When the Canadian Pacific Railway moved its divisional point from Dons to Golden, the inhabitants of the little church were shocked, and moved up and carried away to Golden by train, then, however, the river has been in its place. It was Heaven. It was pretty near it, but Heaven, this Lake Windermere with its blue water and its green hills, was not to be left behind, and the church.

But at Windermere, they were too busy, every one of them, and too busy to pay much attention to the church's situation.

Windermere has grown since the time when the church was first built. The church from Golden and built a beautiful camp nearby, and the automobile has by its presence made it possible for the church to be moved to Golden by train, then, however, the river has been in its place. It was Heaven. It was pretty near it, but Heaven, this Lake Windermere with its blue water and its green hills, was not to be left behind, and the church.

## Saskatchewan Grain Growers And Farmers' Union Are Amalgamated

Stathem. — The Saskatchewan Grain Growers' Association and the Farmers' Union of Canada, which have been in existence here for some time, have been amalgamated into a single body, the Saskatchewan Grain Growers and Farmers' Union. The amalgamation was effected at a meeting held at Regina, July 15th, the late Right Honourable Sir Wilfrid Laurier presiding. The amalgamation was effected at a meeting held at Regina, July 15th, the late Right Honourable Sir Wilfrid Laurier presiding.

### FINANCIAL CRISIS IN EUROPE IS CAUSE OF ALARM

Brussels.—Three virtual dictatorships have been in Europe as a direct result of the financial crisis. The crisis has led to the rise of three powerful figures in Europe: Benito Mussolini in Italy, Adolf Hitler in Germany, and Joseph Stalin in the Soviet Union. These three figures are now dictating the course of European affairs.

Benito Mussolini in Italy, Adolf Hitler in Germany, and Joseph Stalin in the Soviet Union. These three figures are now dictating the course of European affairs.

### SAPIRO WAKES PLEA FOR UNITY AMONG FARMERS

Saskatoon.—My sermon to you tonight is that nothing stands in the way of uniting you farmers' organizations. That is my message to you tonight. I believe that if all farmers unite, they can bring about real reform in Canada.

I believe that if all farmers unite, they can bring about real reform in Canada.

### Stop Sunday Dancing

Move to Prohibit Public Dancing in Ontario On Sundays. — A bill has been introduced in the Ontario Legislature to prohibit public dancing on Sundays. The bill is intended to prevent the disturbance of the Sabbath. It has been introduced by a member of the Ontario Liberal Party.

### FINANCIAL CRISIS IN EUROPE IS CAUSE OF ALARM

Brussels.—Three virtual dictatorships have been in Europe as a direct result of the financial crisis. The crisis has led to the rise of three powerful figures in Europe: Benito Mussolini in Italy, Adolf Hitler in Germany, and Joseph Stalin in the Soviet Union. These three figures are now dictating the course of European affairs.

### McKAY HARDWARE CO.

GLEICHEN, ——— ALBERTA

The last word in screen entertainment is coming to the Gleichen Community Hall Saturday night, and it is with pride that we tell our hall to HAROLD LLOYD, the artist whose achievement has made it necessary for us to search the dictionary for words of description—then find them all inadequate.

"The Freshman" is his very finest achievement! Merriment, Laughter, Thrills—Woven into a Wonderful Song of Youth and Paved on the Heartstrings with an Oblivious of Tears.

SATURDAY, AUG. 28, 8:30 P.M.

## Harold Lloyd

A Pathe Picture

### in the FRESHMAN

COMMUNITY HALL, GLEICHEN,  
NEXT SATURDAY NIGHT AT 8:30 P.M.

The Call will meet all regular Job Printing Prices anywhere in Canada. Phone 12, Gleichen.

### COMING EVENTS

Ada, under Coming Events 250 per cent line, will be otherwise advertised in The Call.

Sept. 3.—Hockey Dance in Gleichen Community Hall.  
Aug. 28.—D. McMillan's Furniture Sale at Agricultural School.  
Aug. 29.—G. P. Coyle's Furniture Sale at Cluny.  
The Gleichen Public School opens September 1st.

### TOWN AND DISTRICT

A. R. Yates, wife and family returned Sunday from a vacation spent at Banff.  
Rev. Mr. Gilbey and Thos. Bates, Jr. left Friday on a motor trip to Drumheller and other northern points.

W. W. Brown, wife and family spent several days last week visiting his brother at Carbon.

At the Wheatfield school there was one successful scholar in grade nine, Lydia Kirslein, Mr. Woods being the teacher.

Miss Jean Goodrich is spending a vacation at her home in Gleichen and moving many of her former friends.

Miss Emma Jones arrived last week from Edmonton to spend a short visit with her parents Mr. and Mrs. A. E. Jones of Gleichen.

Several Salvation Army officers have been in town the past week and have started the work of remodeling the Agricultural School building for the Old Man's Home.

Geo. Scott returned Saturday from Toronto and other eastern points where he has been since last winter visiting friends. "Tom" as many know him best by, says he likes the east but is here to stay.

The town council is doing good work in gravelling the street crossings, and we will now be able to cross the street on rainy days without having to make a run and a jump at it in order to not get mired.

Harold Lloyd's first film to be shown in the Gleichen Community Hall, will be shown on August 28th. "The Freshman," which is one of his latest productions. See full particulars in next Call. This picture will be shown at Arrowwood Aug. 28th and 29th.

J. J. Garland is improving as a speaker every time he comes around and last week when he was here his address was certainly interesting and entertaining. He is to be congratulated upon his light attacks on his opponent, and let us hope this election will, at least prove non-personal.

The Call has been informed that Victor Ramberg was successful in Grade ten in the Gleichen School as Examinations. We shall be pleased to learn of any others who may have passed in this district. Don't be thankful boys and girls we all like to hear of you succeeding.

Mrs. Palmer and Mrs. Somerville were the joint guests at a very delightful afternoon tea on Wednesday, August 18th, in honor of Mrs. G. I. Coyle, who is shortly leaving for Saskatoon. Covers were laid for 21, and the dainty tables were lovely with a profusion of gladioli, lilies, lily and sweet peas. Mrs. Palmer on behalf of the ladies of Cluny presented Mrs. Coyle with a silver sandalwood basket as a small token of esteem and in a very neat speech conveyed the regret of the community at Mr. and Mrs. Coyle's departure, but hoped they would have every happiness and success in their new home.

Alberta exhibitors for the international show at Chicago are receiving notice now of the show dates which are set for November 27 to December 4th. Alberta livestock and seed grains will be sent to the show as usual.
